

“Field visit to Botanical Garden.”

Botanical garden visit was arranged by Shree Mahavir Institute of Pharmacy, Varvandi, Dindori (Nashik) on 16th February, 2023 for diploma pharmacy students. A total count of around 90 students were present.

The visit was held at Ayush Botanical Garden, Talegaon, Dindori. Ayush botanical garden is filled with different medicinal plants. During visit our staff Mr. Manoj Somavanshi, Ms. Kajol Khurdal explained the importance of medicinal plants with their synonyms, biological sources, chemical constituents, and uses.

Ayush botanical garden included various medicinal plants like Aloe vera, Neem, Vasaka, Tulsi, Vinca, Haldi, etc .

This visit gave the knowledge regarding medicinal plants which helped the students to boost their knowledge about various medicinal plants. Students enjoyed the visit with proper learning and understanding of the medicinal plants

During botanical garden visit their staff showed different plants and clarified some points with explanation like how plants are cultivated with proper atmospheric conditions, how to grow medicinal plants, while they also explained to prevent the plants from insecticides.

This botanical garden visit was wonderful and knowledgeable for students.
