

## “AIDS Day Awareness program”

Mahavir Institute of Pharmacy recently commemorated world AIDS day on 1<sup>st</sup> December 2023 for D. Pharmacy & B. Pharmacy students with a stirring event aimed at raising awareness about HIV/ AIDS. The event gathered both the students & faculties to educate the community about the importance of prevention, treatment & support for those affected by the disease.

Students took the stage with a compelling drama, vividly portraying the realities of living with HIV/AIDS & advocating for compassion & understanding concurrently an extensive awareness campaign dispelled myths & emphasizing the importance of prevention & support.

Expert speaker provided insights into the latest research & treatment options while a poignant candlelight vigil honoured those affected by the disease. Mahavir College celebration not only raised awareness but also fostered a community committed to combating stigma & discrimination associated with HIV/AIDS.
