

SEMINAR ON CAREER OPPORTUNITIES IN PHARMACY

Venue: Mahavir Institute of Pharmacy, Nashik.

Date: 21/04/2026

Introduction

Mahavir Institute of Pharmacy, Nashik organized a seminar on career opportunities in pharmacy for third and final year B.Pharm students with the aim of encouraging students to develop an analytical and practical skills. Industrial training is essential for students in B.Pharm who want to enter the pharmaceutical industry.

Academic knowledge alone is not sufficient companies prefer practical skills and instrument handling experience. Mahavir Institute provides an excellent platform for students to learn, enhance, and apply practical skills, helping them become industry-ready professionals. Institutes like Glow Pharma Institute focus on bridging this gap by providing hands-on training in pharma laboratories and real industry exposure.

Guest Speaker

The session was conducted by Mr. Deepak Chatur and Mr. Girish Bonde; both of them are experienced professionals in the pharmaceutical field.

Mr. Deepak Chatur is a founder of Glow Pharma Institute and qualified expert with strong knowledge in analytical techniques and industrial training, particularly in instruments like HPLC and GC. He has 20+ years of experience in the pharmaceutical industry.

Mr. Girish Bonde is MSC (Org.chemistry) DBM, post graduate diploma in chemical and instrumental analysis. He has over 20+ years of experience in pharma industry including multinational companies in QA department.

The guest was felicitated as a token of appreciation for sharing valuable knowledge and guidance. Gratitude was expressed for their time, effort, and contribution in making the session informative and inspiring.

Program Details

He discussed various aspects such as:

- Industrial training importance
- Practical knowledge in pharma field
- HPLC and GC instruments basics
- Application of analytical techniques
- Quality Control (QC) and Quality Assurance (QA)
- Career opportunities in pharmaceutical industry
- Skills required to become industry-ready
- Guidance for job and placements

Student Interaction Session

After the lecture, an interactive session was conducted where students actively participated and asked questions regarding:

- Students actively interacted with the guest
- Doubts related to HPLC and GC were clarified
- Questions about industrial training were discussed
- Guidance on career opportunities was provided
- Students asked about job requirements in pharma
- Guest shared real industry experiences
- Session was interactive and engaging
- Students gained practical insights

Conclusion

Industrial training in HPLC and GC instrumentation is a crucial step for building a successful pharma career. Institutes like Glow Pharma institute provide practical exposure, industry knowledge, and placement guidance, making students industry-ready. With the growing demand for skilled professionals, training in analytical instruments opens doors to high-growth careers in pharmaceutical and research sectors.

Acknowledgment:

We sincerely thank the Principal, faculty members, and all staff for their continuous support and encouragement throughout the event. We also appreciate the enthusiastic participation of all the students, whose energy and teamwork made this event a great success. Without everyone's efforts, this program would not have been possible.
